

New Patient Letter

Your new patient visit may last up to 2 hours which includes check in, office visit and checkout. We encourage you to bring any supplements or prescriptions you are currently taking to be tested for their compatibility with your body. Results of current lab work would also be helpful. The charge for this visit is \$295. An additional \$100-\$200 should be allowed for doctor-recommended supplements, lab tests or therapies. **You will be charged for this appointment unless you cancel 24 hours in advance.**

Dr. Jangaard recommends at least 1-2 follow-up appointments at 6-8 week intervals. Follow up office visits cost \$95 and may last up to 45 minutes from check in to check out.

Payment is expected at time of visit. We accept cash, check, VISA and MasterCard. We do not bill insurance companies but will be happy to give you the appropriate form to submit.

Our clinic hours are Tuesday, Wednesday, and Thursday from 8 am to 4 pm, closed for lunch 12 -1. Monday we are open 9 am to 12 noon for supplement orders, messages and scheduling. The office is closed Friday. Messages, orders, appointment changes, and cancellations can be left on our voice mail 24/7.

Important: As a consideration for our chemically sensitive patients:

Please do not wear perfumed products (including hair products) on the day of your appointment (deodorant, perfume, aromatherapy oil, hairspray, gel, etc.). Thank you.

We look forward to meeting you,

Robert Jangaard, ND
Hans Jangaard, ND
